For over 15 years the annual Northwest Indiana House Raffle has provided much-needed financial support for the year-round efforts of St. Jude House and the Southlake YMCA (now Crossroads YMCA-Southlake and Hammond Areas).

Once again, it's time to discover how one ticket can change your life and theirs!

The NWI House Raffle is a not-for-profit organization created to assist with funding outreach services and programs for families, children, and seniors in need through St. Jude House and Crossroads YMCA. The organization's commitment to both of these fabulous Lake County resources contributes to healthy families and communities.

Proceeds from last year's NWI House

Raffle helped provide services for more than 450 women and children in need through St. Jude House while more than 500 families, children and seniors received assistance with programs through Crossroads YMCA (Southlake Area and Hammond Area).

"We're very excited about this year's raffle," St. Jude House executive director Mary Govert said. "We are always so appreciative of each person's participation with the purchase of their ticket. It's important they know exactly how and who they are helping."

A safe emergency shelter, St. Jude House provides housing, counseling and compassionate assistance for victims of domestic violence and their dependent children. Their educational programs teach others to recognize the cycle of

domestic violence and empowers them to break that cycle with support and follow-up. Like the NWI House Raffle, St. Jude House celebrated 15 years of service to the community last year. During that time, more than 8,500 women, men and children have received services related to domestic violence and sexual assault.

The Y is the nation's leading non-profit committed to strengthening communities through youth development, healthy living and social responsibility. With a focus on nurturing the potential of every child and teen, improving the nation's health and well-being and providing opportunities to give back and support neighbors, the Y enables youth, adults, families and communities to be healthy, confident, connected and secure. Programs at Crossroads YMCA involve

active older adults, aquatics, child care, sports, summer camps and wellness.

"We're always extremely appreciative of the community support we receive," Southlake YMCA executive director Chris Mallers said. "If every participant could see the faces of the children, the seniors and families we help, they'd realize how they are changing lives."

Along with providing a generous contribution which is equally divided between St. Jude House and Crossroads YMCA, every ticket purchased for the NWI House Raffle has a chance to win one of 75 cash prizes with the grand prize winner having the choice between \$225,000 or a new home. The odds of winning are 1 in 80.

Luxurious golf course living is a Silver Hawk standard

BY MICHELLE KRUEGER
Times Homes Columnist

Providing all the benefits of a maintenance-free lifestyle with a prime northwest Indiana location inside Crown Point's White Hawk Country Club where you'll find 36 holes of championship golf, a swimming pool and lovely clubhouse with restaurant and banquet facilities, Silver Hawk delivers incredible upscale features with surprisingly affordable ranch townhomes and condominiums.

These homes are truly loaded with upscale features generally considered options and upgrades by other builders.

"All of the homes at Silver Hawk are an amazing value," David Speckman, broker/associate with RE/MAX Realty Associates, said. "White Hawk in general is attractive to any buyer as well as greater Crown Point where you have a multitude of options for shopping, dining and entertainment as well as great schools. The setting here is unbelievably quiet, it's far-removed from the everyday sounds of nearby traffic. The subtle sounds of nature will surprise you."

Plus, the townhomes and condominiums at Silver Hawk provide the very same quality and luxury found in the magnificent custom-built estate homes by Armani Development which is currently at work in Munster's Park West as well as other prestigious northwest Indiana locations.

"We really want to raise the bar when it comes to consumer expectations of quality

and amenities in an affordable townhome or condominium," Tim Dinga, owner of Armani Development Inc., said. "We bring over 20 years of experience building custom homes that meet the precise specifications of our clients to Silver Hawk. The new townhome and condominium models demonstrate our commitment to quality and perfection

which begins with using the best trades and materials."

The all-new Silver Hawk townhomes and condominiums by Armani feature extraordinary floor plans and a careful eye on energy efficiency. There are plenty of windows to let
